What makes Crestwood Valley a great day camp?

Fresh air, nature, close to home, first-class facilities, four in-ground heated salt water swimming pools, exciting programming, and responsible well-trained staff. Most importantly, the campers with their infectious smiles and incredible energy make this camp truly amazing.

As you'll see from our website, Crestwood Valley has all that plus something more. For us, every child is special, with unique talents to nurture and unique personalities to love. Our low camper to staff ratio allows us to get to know your child, give lots of personal attention, and set appropriate goals and challenges.

We are extremely proud and excited about the fabulous compliments we have received with regard to last summer and we are looking forward to 2012 at Crestwood.

We are committed to providing campers and their families with memorable camp experiences that will last a lifetime. We continue to provide our families with an 'all inclusive' camp package including door-to-door transportation, full hot and nutritious lunches and snacks, a Crestwood camp knapsack, camp t-shirt, a group photo and much more!!

New families are always welcome at Crestwood. Please submit your application early in order to secure a space for your camper(s). Have a great year and we'll see you soon!!!

JOIN US FOR A TOUR

Call Us! Take a tour of our grounds, tell us about your family, and let us help you plan a fun summer of new skills, new experiences, and new friends for your child.

Happy Camping,

Eric Shendelman and Bobby Freeman
Directors
